

Canon Barnett Primary School

Newsletter 617 11th January, 2019

All the staff at Canon Barnett join with me to thank you for the very generous presents we were given at the end of term. We do not expect you to buy us gifts but it is lovely to receive them.

After School clubs spring term

Parents should have received a letter stating which after school clubs children have got into this term.

After school clubs will start next week.

Please note that your attendance in a club last term does not guarantee your place this ter. We try to be fair to all and share out the places.

Story in a box

If you are inspired by this fabulous model of Jack and the Beanstalk, we are accepting models on Monday.

The detail in this one is amazing.

How can you talk to your child about knife crime?

Canon Barnett have been lucky to be given a year 6 parent workshop around preventing knife crime.

Wednesday, 16th January at 9a.m.

Year 6 will have a workshop following this.

Any old saris at home?

We are looking to do a reading project in the spring term for which we need old saris. It's top secret until it is finalised though! However, if anyone does have any they no longer want, could you send them into the school, to the office or your class teacher.

Thank you

Year 6 had a visitor from Cambridge University to talk to them about what it was like to be a student there.

Here are some of the children's thoughts:

"I'm inspired to go to Cambridge University."

"You need to work hard but its lots of fun."

"It's like opening another world."

Hopefully some of our will be inspired to apply for Oxford or Cambridge University and then can come back and talk to children at Canon Barnett about their experiences.

- 14th and 15th January** Reception class Height and Weight check
