

Relationship and Sex Education (RSE) Policy

Approval Body:	Mulberry School for Girls and Mulberry Canon Barnett Primary LGB
Approval Date:	March 2024
Implementation Date:	March 2024
Review Date:	March 2025
Policy Version:	1

Primary Relationships and Sex Education (RSE) Policy

Our School Vision

Mulberry Canon Barnett is committed to striving for excellence in all that we do at the school. Our vision is that pupils become creative and ambitious learners who strive to do their best at all times because they are motivated and guided by outstanding teams within the school. They will be able to contribute to their local community and understand how their actions impact on a wider, global world.

They will be caring citizens who know how to keep themselves safe and who realise that they have a role to play in looking after others. As we continue to develop our teaching and our wider curriculum we are aiming for outstanding in all that we do.

Our School Values are: Respect, integrity, Independence, Ambition, Resilience and Creativity.

Rights Respecting School

We are a UNICEF Rights Respecting School and this policy supports the following articles from the *UN Convention on the Rights of a Child*

Article 2: The right to not be discriminate against for any reason

Article 3: All actions are in the best interests of the child

Article 12: Respect for the views of the child

Article 17: Right to reliable information which should be beneficial and understandable to you

Article 19: The right to be protected from violence, abuse or neglect

Article 28: The right to education

Article 29: The right to an education to develop personality, talents, mental and physical abilities

Article 34: The right to be protected from sexual abuse

We believe that all those who work in Mulberry Canon Barnett Primary - children and adults - have the right to be treated fairly and with respect by everyone connected with the school. We aim for Mulberry Canon Barnett to be a safe, supportive place, where all children and adults feel valued as individuals, whatever their ability, age, disability, gender identity, marriage or civil partnership, pregnancy & maternity, race, religion or belief, sex and sexual orientation. The school aims to foster the social and personal skills of cooperation, sharing and mutual respect. This policy supports the school in addressing Article 17 of the UN Convention on the Rights of the Child.

The Relationship Curriculum is taught through three of our PSHE units: Celebrating Difference, Relationships and Changing Me

<p>Aim:</p>	<p>The main aims of our school RSE policy are:</p> <ol style="list-style-type: none"> 1 Mulberry Canon Barnett is committed to putting safeguarding at the heart of everything we do and this includes teaching RSE to pupils. 2. To teach RSE as outlined by the Department of Education and comply with the relevant provisions of the Equality Act 2010. 3. To ensure pupils are able to keep themselves safe by teaching factually accurate information so they can make informed decisions. 4. Children understand the changes to their body as they grow and develop and are supported to behave in a mature and responsible way.
<p>Context</p>	<p><i>“Today’s children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way.”</i></p> <p>Relationships Education, Relationships and Sex Education (RSE) and Health Education: Statutory guidance for governing bodies, proprietors, head teachers, principals, senior leadership teams, teachers (2019) – Secretary of State Foreword, Pg. 4</p>

CURRICULUM PROVISION and CONTENT from September 2021

<p>Relationships Education (Statutory)</p>	<ul style="list-style-type: none"> • Families And People Who Care For Me • Caring Relationships • Respectful Relationships • Online Relationships • Being Safe <p>(please refer to Appendix 1 for further detail)</p>
<p>Health Education (Statutory)</p>	<ul style="list-style-type: none"> • Mental Wellbeing • Internet and Safety Harms • Physical Health and Fitness • Healthy Eating • Drugs, Alcohol and Tobacco • Health and Prevention • Basic First Aid • Changing Adolescent Body <p>(please refer to Appendix 1 for further detail)</p>
<p>National Curriculum Science (Statutory)</p>	<p>Key Stage 1:</p> <ul style="list-style-type: none"> • identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense. • notice that animals, including humans, have offspring which grow into adults • describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene <p>Key Stage 2:</p> <p>Year 5</p> <ul style="list-style-type: none"> • describe the changes as humans develop to old age

	<p>Year 6</p> <ul style="list-style-type: none"> • recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents <p>From the DfE guidance:</p> <p>Puberty</p> <p><i>“The content set out in this guidance covers everything that primary schools should teach about relationships and health, including puberty. The national curriculum for science also includes subject content in related areas, such as the main external body parts, the human body as it grows from birth to old age* (including puberty) and reproduction in some plants and animals”.</i></p> <p><i>“106. At key stages 1 and 2, the national curriculum for science includes teaching about the main external parts of the body and changes to the human body as it grows from birth to old age, including puberty”</i></p> <p>(please refer to Appendix 1 for further detail)</p> <p>At Mulberry Mulberry Canon Barnett we will teach puberty in year 4,5 and 6.</p>
<p>Sex Education (Non-Statutory)</p>	<ul style="list-style-type: none"> • How a baby is conceived and born. This will be taught in a lesson (as per the DfE guidance) in year 6. Parents will have the right to withdraw from this lesson. <p>(please refer to Appendix 1 for further detail)</p>

MONITORING, EVALUATION and ASSESSMENT

<p>Monitoring and Evaluation</p>	<p>The subjects will be monitored and evaluated by the PSHE lead and headteacher. It is important these subjects are consistently monitored to ensure confidence levels of teachers are maintained and the delivery and content is consistent across the school.</p>
---	--

<p>Assessment</p>	<p>The school will identify pupils' prior knowledge by assessing for learning within lessons as per normal practise e.g. sorting activities, on-going feedback and discussion with children. In additional preparation for these lesson a question box will be set up for children to write questions that they may have about the content to be taught. This will allow children to ask questions anonymously and therefore not have to feel embarrassed by asking a question in front of their peer and also allow teachers time to reflect on the appropriateness of the question and how they will answer it within the curriculum requirements and age appropriateness. Any concerns arising from the question box should be escalated to the senior leadership team.</p> <p>The school will assess pupils' learning and progress through on-going feedback and discussion as per our assessment policy.</p> <p>The school will evidence pupils' learning and progress in our class PSHE books where appropriate and through teacher assessment through classwork and discussion.</p>
--------------------------	--

THE RIGHT TO WITHDRAW

<p>No Right to Withdraw</p>	<p>There is no parental right to withdraw from Relationships Education, Health Education or the National Curriculum Science as these are a statutory part of the curriculum</p>
<p>Right to Withdraw</p>	<p>Parents have the right to withdraw from topics taught outside of these areas and relating to Sex Education, for example, how a baby is conceived and born.</p>
<p>Withdrawal Process</p>	<p>Parents wishing to withdraw their child from the non-statutory elements of Sex Education will need to make an appointment to meet with the Headteacher or a member of SLT. Letters will not be accepted as a means of withdrawing a pupil and an individual meeting will need to be held, to discuss parent's concerns.</p>

EQUALITY and SAFEGUARDING

<p>Equality</p>	<p>The school is committed to following the Equality Act and to tackling sexism, misogyny, homophobia and gender stereotypes.</p>
<p>LGBT</p>	<p>LBTH recommends teaching about LGBT relationships, in the context of different types of families, in order that children coming from same sex families feel welcomed and included in school, from the very beginning of their school career, in Key Stage 1. It is also important in terms of tackling homophobic behaviour and bullying and demonstrates LBTH’s commitment to equalities, as outlined in the Equality Act.</p> <p>At Mulberry Canon Barnett School we are committed to protecting children and families against discrimination, whether knowing or unintentional. This includes discrimination against people’s religion, culture or sexuality, to name just a few of the Protected Characteristics in the Equality Act. The Department for Education statutory guidance strongly encourages and enables schools to teach LGBT content, in the context of different types of families.</p> <p>At Mulberry Canon Barnett school we have chosen to partly follow the LBTH recommendation with regards to LGBT content, in the context of different types of families.</p> <p>In Key Stage 1 children will be shown images of different families which will include images of same-sex families.</p> <p>We will introduce the term ‘gay’ and ‘lesbian’ to describe these families in KS2. Homophobic examples may be included in lessons about bullying or disrespectful responses to difference.</p>

<p>Naming of the Sexual Body Parts</p>	<p>LBTH recommends that children are taught in Key Stage 1 about naming of the sexual body parts, as a safeguarding issue. This is so pupils can report abuse if it happens or so that they can accurately report medical symptoms if they are unwell. The more children are able to name the sexual body parts and to know about appropriate and inappropriate touch, the more they are protected from abuse.</p> <p>Pupils will also be taught about stable, caring, healthy family life and friendships and how to recognise if or when relationships are making them unhappy or unsafe. Lessons will cover staying safe both online and offline, how to identify risks online, harmful online content and contact and how to report it. Pupils will also learn how to seek help and advice from others.</p> <p>LBTH also recommends that lessons about puberty begin in Year 4, to prepare children for puberty and menstruation for girls, before it occurs.</p> <p>At Mulberry Canon Barnett school we have chosen to place the naming of the sexual body parts into the statutory part of the (Relationships Education / Science) curriculum in Key Stage 1.</p> <p>In year 1, we will teach the following words to name the private body parts: penis, vulva, nipples, bottom and testicles</p> <p>In year 2, we teach the following words to name the private body parts: penis, vulva, nipples, bottom, testicles, vagina and anus.</p> <p>School will message parents after this lesson has been taught.</p>
<p>SEND</p>	<p>The delivery of the content will be made accessible to all pupils, including those with SEND. For children who are working significantly below their peers, the SEN lead will meet with parents to share and talk about suitable resources and progression. This will need to consider the child's abilities and also stage of physical development.</p>

<p>Disclosures</p>	<p>Any disclosures should follow the schools agreed safeguarding procedures.</p>
---------------------------	--

RESOURCES

<p>Teaching Resources</p>	<p>Mulberry Canon Barnett school is committed to using diagrams, rather than pictures. Children will be taught in single sex lessons when in lessons about puberty or conception. Our school is also committed to holding information meetings to show parents resources and lesson plans before the commencement of the 'Changing Me' lessons.</p>
----------------------------------	---

CONSULTATION AND PARTNERSHIPS

<p>Parents</p>	<p>Our relationship with parents/carers is very important and we aim to support them with information meetings about our RSE curriculum content, including resources, where they can share any concerns or issues they may have about any aspect of the RSE provision.</p>
<p>Staff</p>	<p>The school encourages staff to contribute and support this RSE policy. The school holds staff meetings and training on RSE to ensure that all staff feel confident to deliver this content.</p>
<p>Governors</p>	<p>Governors, in conjunction with the Headteacher and SLT, ultimately make the decision about which resources are used to teach RSE and how RSE is taught within the school. In school we use an adapted version of the Jigsaw scheme of work.</p> <p>The DfE RSE guidance (2019) provides further clarification as to the role of Governors:</p> <p><i>“In addition to fulfilling their legal obligations, the governing boards or management committee should make sure that the subjects are timetabled, accessible to all pupils, including pupils with SEND (preparing for adulthood outcomes). Governors will oversee that subjects are well-led, staffed and</i></p>

lessons are resourced, so that the schools can fulfil its legal obligations. Also ensuring that pupils make progress and the curriculum has regular and effective self-evaluation built in. Governors will also ensure that clear information is passed onto parents about subject content, as well as informing parents about the right to request that their child is withdrawn from the non-statutory content.

Schools will also need to publish the Policy on the school website, made available to parents and others. The school must provide a copy of the policy free of charge to anyone who asks for one.”
